1. BACKGROUND INFORMATION

The Energy and Water Sector Education and Training Authority (“EWSETA”) is a statutory body established through the Skills Development Act of 1998 to enable its stakeholders to advance the national and global position of the energy and water sectors in the large, medium, small levy paying and non- levy paying companies across the sector.

This was as a result of government commitment to promote active labour market policies and is demonstrated in the Skills Development Act of 1998 and the Skills Development Levies Act of 1999. As guided by its mandate, the EWSETA is an agent of transformation by promoting employment equity and broad-based black economic empowerment (B-BBEE) through skills development. In this context, the EWSETA is keen to form sustainable partnerships and/or collaborations that will further promote its support for transformation.

The EWSETA requires the services of a graphic design company, whose main business of operation is graphic design (80% or more) for the design and production of the EWSETA 2020/21 Annual Report, various graphic elements that will be required for the EWSETA AGM to be held in November 2021, as well as the design of other key governance documents.

P_s = Points scored for comparative price of proposal or quotation

P_t = Comparative price of proposal or offer

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Standard Bidding Document (SBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a pe se prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
