

**23 August 2024**

## **BACKGROUND INFORMATION**

The Energy and Water Sector Education and Training Authority (“EWSETA”) is a statutory body established through the Skills Development Act of 1998 to enable its stakeholders to advance the national and global position of the energy and water sectors in the large, medium, small levy-paying and non-levy-paying and non-levy-paying companies across the industry.

This was a result of the Government’s commitment to promoting active labour market policies and is demonstrated in the Skills Development Act of 1998 and the Skills Development Levies Act of 1999. As guided by its mandate, the EWSETA is an agent of transformation by promoting employment equity and broad-based black economic empowerment (B-BBEE) through skills development.

The organisation would like to invite suitably qualified young people to participate in the EWSETA Internship programme 2024/25 and 2025/26 Fiscal Years for a period of 18 months.
